

The Institute For
Leadership

Creating a Better Tomorrow By Making Better Leaders Today

MY STORY

Reverend Michel J. Faulkner

BEFORE

AFTER

What the IFL has accomplished

Over the last 2 years 9 months (1/2010 - 9/2012)

- ✦ We have engaged **4500** places of worship totaling more than **900,000** people to join the initiative.
- ✦ We have identified **9,200** people who are at high-risk for diabetes and who did not know it using the American Diabetes Association's Risk Assessment Survey. Our data indicates that **62** percent of church goers are at high-risk for diabetes.
- ✦ We have trained more than **250** Community Health Workers statewide.
- ✦ The IFL has implemented its six-week Defy Diabetes programs at more than **150** communities statewide; **45** is the number of programs that have done more than one 6-week program.
- ✦ Program participants totaled more than **2,500** of which **2,000** participants have completed the program; **1,500** were identified through the program at high-risk for diabetes and who did not know it and **500** that are living with diabetes.
- ✦ **83** percent of the participants that attended the first class completed the entire six-week program.
