

YOUTH CONNECT

"Sometimes I feel like you are the only person I can turn to."

WHO WE ARE

Youth Connect is an emotional and mental health support program for middle and high school students in Eastern Long Island.

We provide free, anonymous, confidential support through our text line in Spanish and English.

We work to strengthen the relationships that young people need to thrive!

"You went through a traumatic experience and this is information that can help you understand your feelings and maybe implement some coping mechanisms. Does any of this resonate with you?"

Youth Connect Counselor

"Do you think there are some things from this that you can do when you are feeling down?" "Yes all of it helps because I kind of was in denial until now that I truly actually really went through all this."

"Yes I can do self care and relaxation techniques. I feel like a weight is lifted off me. I'm feeling better thank you so much."
